

# Make Plans to Come!

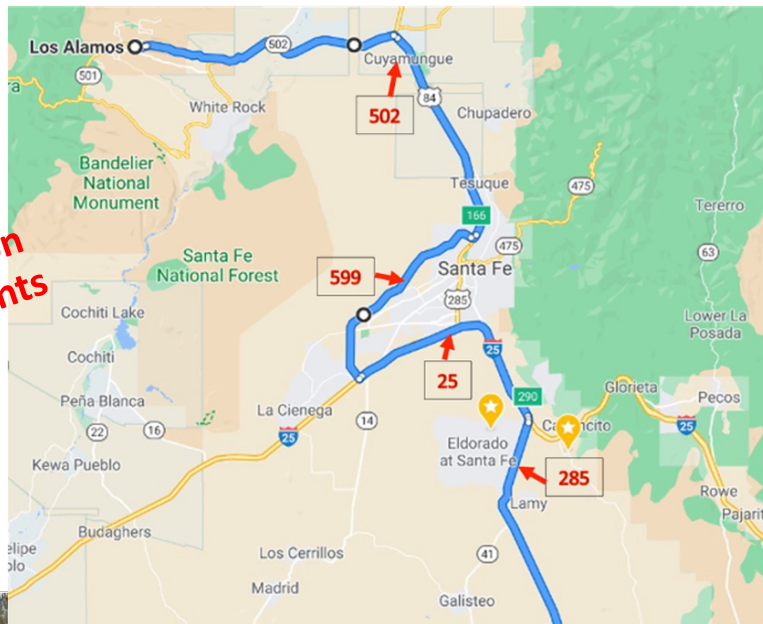

## Santa Fe County **Nuclear Waste** Transportation **Emergency Response** Town-Hall

August 4, 2021  
at 6:00 pm

at The Hondo Fire Station, on 645 Old Las Vegas Highway (intersects with Hwy 285 and is across from Café Fina)

- County Fire Chief Martin Vigil will discuss **emergency response systems** for nuclear waste shipments to the Waste Isolation Pilot Plant (WIPP).
- 285ALL Co-Chair Cynthia Weehler will ask how the expansion of WIPP affects emergency preparedness.
- There will be time for Q & A and actions YOU can take.
- Sponsored by County Commissioners Hank Hughes and Anna Hamilton and 285ALL.

Learn about  
planned expansion  
of waste shipments

*These trucks will carry the waste past our homes.*

**“If you are in one of the communities along the route, you have something to worry about.”** High-level Energy Department official, who spoke on condition of anonymity. <https://www.latimes.com/nation/la-na-nuclear-couriers-20170310-story.html>

**Know your risk**
